

Journal of Traffic and Transportation Engineering(English Edition) is a new bimonthly English journal, which is administrated by Ministry of Education of PRC and sponsored by Chang'an University, Southwest Jiaotong University and Southeast University*.

Aims & Scope

As an academic journal, *Journal of Traffic and Transportation Engineering (English Edition)* provides a platform for exchange and discussion of novel and creative ideas on theoretical and experimental researches of traffic and transportation. It publishes high-quality peer-reviewed papers on engineering, planning, management and information technology of traffic and transportation fields.

The scope of JTTE includes analysis, operations, optimization and planning of transportation systems and network, travel behavior, information technology, traffic control, traffic flow theory, economics, safety and management of transportation, manufacture and operation of vehicles. Road engineering, railway engineering, air transportation, sea transportation, materials science, and intelligent transport systems are also specific topics of interest.

Editorial Board

Editorial board of JTTE includes many experts in the field of traffic and transportation. There are 11 academicians of Chinese Academy of Engineering, Canadian Academy of Engineering, and American Academy of Engineering, such as Zhi-yun Shen, Kong-hui Guo, Wen-hao Liang, Chang-wen Miao, Meng-shu Wang, Ying-ren Zheng, Yan-liang Du, Jian-guo Nie, Xu-hong Zhou, Said Easa, and Man-chung Tang, and famous foreigner scholars, such as Hervé Di Benedetto, William G.
